

screenplay review get out scriptshadow - not enough characters for me to include it on my list but the same idea the reviews made me rent it general spoiler alert the slow burn isn't the depressed protagonist being just a wee bit paranoid buildup isn't bad but eventually it degenerates into nothing more than a high toned slasher film, **earlyword the publisher librarian connectionearlyword** - the november libraryreads list is the most inclusive so far with 6 of the 10 titles on the main list by authors who are african american mexican american asian american or japanese the number one title is by a nigerian author celebrating libraryreads fifth anniversary the steering committee has introduced several changes including the new hall of fame for titles by authors who have, **port manteaux word maker onelook dictionary search** - port manteaux churns out silly new words when you feed it an idea or two enter a word or two above and you'll get back a bunch of portmanteaux created by jamming together words that are conceptually related to your inputs for example enter giraffe and you'll get back words like gazellephant and gorilldebeest, **celebration of african australians inc** - dorinda is the african australian woman of the year award winner a foremost african in media television advertising celebrity chef entertainer public speaker marriage celebrant author of 7 books and most celebrated african in south australia and in australia, **eritrea and the hood 2015 awate com** - saleh younis saay has been writing about eritrea since 1994 when he published eritrean exponent a quarterly print journal his writing has been published in several media outlets including dehai eritrean studies review visafic asmarino and of course awate where his column has appeared since the launch of the website in 2000, **the mask is off ruling class decides it's ok to hate white** - what i mean is the ill feelings of one social group for another of urbanites for country folk of women for men of democrats for republicans of blacks for whites of jews for gentiles used to be expressed publicly in a much lower key than they are today prof yankah's snarling at whites as untrustworthy hypocrites is an illustration of this, **hot blog are ethiopians racist at tadius magazine** - yes it is believable people can be this stupid and racist and oh yes it really hurts as an ethiopian who lives and work here in usa i am ashamed of some bad apples for their contribution to the already sour ethiopian and african american relationship, **101 being offended stuff white people like** - a subset of this post could be white people who get offended by seemingly banal matters like waiting too long for a bus and threatening to write a strongly worded letter to the powers that be, **what does it really take to get into the ivy league part** - find out what it really takes to get into the ivy league with college compass by test masters this post discusses gpa and class rank
